Industry 4.0 – Design Consultancy Work Completion Letter

We, **India Government Mint, Hyderabad (IGMH)**, a unit of **Security Printing and Minting Corporation of India Limited (SPMCIL)**, a Mini-Ratna Category-I Central Public Sector Enterprises (CPSE) wholly owned by the Government of India (GoI), is one of the four mints engaged in the manufacture and supply of circulation coins to the Reserve Bank of India, located in Cherlapally, Hyderabad, Telangana state.

IGMH has initiated efforts to improve processes and methodologies in Cherlapally, Hyderabad coin minting press, including becoming Export worthy, Shopfloor Modernization and Digitalization besides achieving Make-in-India objectives.

We at IGMH had taken the initiative to establish coin minting manufacturing practices aligned with Industry 4.0. While we contacted National Institute of Smart Governance, they took help of PVM Innvensys as Subject Matter Expert.

PVM Innvensys Private Limited (PVM Innvensys) is a technology solutions provider with special expertise in Industry 4.0 technology domain. PVM Innvensys had worked on the very immediate areas of India Government Mint, Hyderabad in Industry 4.0, in Die Quality Dashboard, Vision Quality Assurance Systems and Traceability.

I am happy to note that PVM Innvensys has worked with the mandated Consulting Partner to deliver the detailed approach paper, in all the 3 consulting project proposals.

The Industry 4.0 Consultation Project Proposals submitted with this effort from PVM Innvensys would go a long way in helping the India Government Mint, Cherlapally Hyderabad digitize the shopfloor manufacturing facilities to the latest processes, systems and quality techniques.

(Dr J P Dash)
Chief General Manager
India Government Mint, Hyderabad
